RE: **REQUISITION ITEM: GRAINGER, $2,698.75 – PURCHASE ELEVEN (11) MSA SINGLE GAS CARBON MONOXIDE MONITORS (CIP #1038)**

Request purchase order approval for the purchase of eleven (11) MSA Carbon Monoxide monitors out of the 2013-2014 EMS Grant that was awarded June 25, 2013. This is a 100% grant reimbursable expenditure.

These monitors will remain on constantly and will be attached to the first in airway bags carried on all EMS units and fire apparatus. The monitors will alert the EMS and Fire crews when they enter a home or business if they are entering an atmosphere that contains dangerous levels of carbon monoxide (the silent, odorless, colorless killer). Appropriate action by the crews will be taken at that time to immediately remove the patient, occupants and themselves to a safe atmosphere. The carbon monoxide incident will then be handled after the patient treatment has been initiated.

Monitors will provide for the safety of the patient, any other occupants of the home or business and all responding EMS/Fire/ Police on that specific call.

Received two quotes:

- Grainger $2,698.75
- Vogelpohl $2,729.00

Request approval of purchase order #S132166 in the amount of $2,698.75 to Grainger. Funds will be reimbursed 100% by the grant. Grant total amount awarded was $4,250.00. (CIP #1038)
