RE: **REQUISITION ITEM: CINCINNATI BELL, $3,603.00, ANNUAL CONNECTIVITY FEES FOR PHASE II WIRELESS**

The annual connectivity fees for 911 Wireless Phase II to Cincinnati Bell covers August 1, 2013 through July 31, 2014. Cincinnati Bell is the local exchange carrier for 911 Phase II Wireless.

The connectivity fees provide for the current and continued delivery of wireless Phase II information from Cincinnati Bell to the West Chester Township PSAP (Public Safety Answering Point). Receiving Phase II information allows West Chester Township Communications to better pinpoint the location of wireless 911 calls received via GPS coordinates.

West Chester Township should complete migration to the new (Butler) county-wide 911 system prior to the end of this billing cycle, causing future annual 911 wireless costs to be encumbered by the Butler County 911 Wireless Fund.

Thank you for your consideration.
