**WHEREAS**, the rapid growth and tremendous development over the last decade have placed demands on public services and infrastructure improvements and have challenged West Chester to prioritize public improvements and appropriate adequate funding to address the construction and maintenance of said improvements; and,

**WHEREAS**, because of multiple and competing priorities and limited funds, some improvement or maintenance projects have been delayed or to date have never been addressed; and,

**WHEREAS**, there exist federal and state funding and programs available, if eligible, to address a local community's public infrastructure maintenance and improvement needs; and,

**WHEREAS**, Butler County administers one such program, the federal Housing and Urban Development Entitlement Program, specifically, the Community Development Block Grant (CDBG) as applied to low and moderate income areas for community and public improvement projects; and,

**WHEREAS**, there are areas and projects within West Chester Township eligible for CDBG consideration; and,

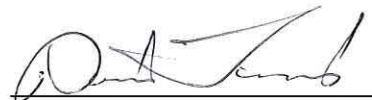

**WHEREAS**, the West Chester Board of Trustees desires to apply for such funding and requests that Butler County consider the merit of the projects; and,

**NOW, THEREFORE BE IT RESOLVED**, that the West Chester Township Board of Trustees does hereby agree to:

**SECTION 1:** Approve and submit two (2) eligible CDBG project applications for Program Year 2004, listed in order of priority: 1).
